Dear Miss Gilpin:

On behalf of the Colorado college Nugget, I want to thank you for your part in putting out what looks like a very successful book. Thru negligence on my part there has been no formal contact yet with the other photographers we usually have the same arrangement every year. This includes the headsize of the solio, the background (which we try to keep as uniform as possible) and a \$.50 rebate for each \$1.25 picture. In return for this rebate to the Nugget we give you free advertising space proportionate to the amount of rebate. I understand that you have already turned some or most of your pictures in in a large size. It is my fault for not informing you of our specifications and the adjustment will be made at Nugget expense. I shall contact you soon about the copy for your add. etc. Thanking you again for your cooperation, I remain

Sincerely yours

Roland Dickison
