Colorado Springs, Colorado

Dear Miss Gilpin

I have your letter of June 2nd and I am sorry to hear that you are having difficulties in obtaining the Coats of Arms. I have wondered myself just what happened to this job.

Since I do not know Mr McKissack myself, I called Mr Egge at the School of Art and he gave me a very encouraging report. He told me that he had seen Mr McKissack lately and that he is doing a splendid job of the drawing. Twelve out of fifteen Coats of Arms are ready and the rest need only the finishing gold work, which will be a matter of about ten days.

He said that this work had helped this student a great deal in working his way through the School of Art.

Very truly yours

Jean Eschmann
