CENTRAL PARK WEST AT 79TH STREET

NEW YORK, N. Y.

DEPARTMENT OF ASTRONOMY
THE HAYDEN PLANETARIUM

March 26, 1942

Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs,
Colorado.

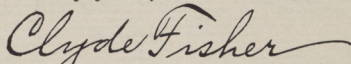

Dear Miss Gilpin:

Your letter of March 16 has been received. I am pleased to hear from you and indirectly from Brownie.

I spoke to our Chief Photographer today about a possible position for you, and find, I am sorry to tell you, that at present they have nothing here that would appeal to you.

I assume that my review of your new book will be printed in the April number of NATURAL HISTORY. I shall take pleasure in sending you three copies of the magazine containing your review. If you do not receive them by April 20, please stir me up.

Sincerely yours,

Clyde Fisher
Honorary Curator
