East Cleveland, Ohio.

Dear Mr. Eschmann:-

I am getting concerned about the work Vernon McKissack is doing for the Stewart Books. At first he promised me the whole job finished by the last of February. Then in April I recieved a part of not, not half. About May 5 I sent him \$50.00 on account and asked him to let me know immediately when I could expect the rest of the material. I have not heard a word from him. He may have gone into the army. I have no idea what age he is nor anything more about him than your recommendation. Mrs. Stewart is getting very anxious to have her books completed. My end of it has been read since last December, and the job is holding up on this work from McKissack. May I bother you to find out what has become of him and when I may expect the remaining Coats of Arms? Just as soon as they arrive and the books are all in proper order, they will be shipped to you for the binding.

Very truly yours,
