Dear Miss Gilpin:

I was very happy to learn about your new position as Public Relations Photographer for Boeing. I hope that you will keep me informed about your work. Also, if the company publishes any house magazine in which your pictures appear, I should like to see some copies.

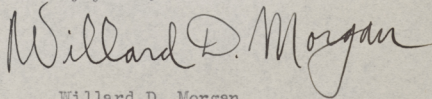

I am having your address changed for THE COMPLETE PHOTOGRAPHER.

I am now compiling material for a special issue covering the photography of people. If you have any photographs which might fit into this issue, please send them along.

I am also pleased to learn that you like some of the articles in THE COMPLETE PHOTOGRAPHER by Leo Katz, Ansel Adams, and others. I believe that some of this information has been presented for the first time in the photographic field. I am really anxious to push photography out of its technical rut. Any little help I can give it in this angle should be all for the good.

Looking forward to hearing from you and with Season's Greetings,
I remain

Cordially yours,

Willard D. Morgan
