Dear Laura:

Remember back a ways to the Potts family - Bob and Jerry ---
and there is your clue to who is writing this letter. Here's
the thing I want most awfully to know ----

Two friends of mind - both executives in the educational
field -- want to come back to our "grand mountains" for a month
or 6 weeks to hole in and write. I've been thinking of your
cabin up in the hills -- and wondering if it were vacant ---and
if it might just be for rent.

I think they would love something like that. They most of
all want to "hole in" and have quiet and get away from people
and the city lights.

If you know of any other place up in near Cascade way ----
or even on the mountain (Cheyenne) that might be vacant -- will
you have whomever owns it write to me about it.

I'd be most grateful to you.

How do things go for you and Betsy ----and do give our
best to "Pat"-----and any new family she might have.

Sincerely,
Jerry Potts
