Dear Miss Gilpin:

Thank you for your letter of June the 29th advising us that you are interested in using our press clipping service for some back clippings of a list which you have given us.

I am very sorry to advised you that we do not have back copies of papers nor clippings on file.

The only way that these back copies can be secured now would be for you to write direct to each one of the newspapers and ask them to send you a copy of whatever they might have published.

The only reason that we have not solicited your account was that we could not find your address.

If you would like to have us mark clippings for you from current and future papers, please keep the enclosed order form in mind.

Very truly yours,

Burrelle's Press Clipping Bureau, Inc.
