Miss Laura Gilpin
Chief Photographer
Boeing Airplane Company
Wichita, Kansas

My dear Laura:

Thank you so much for the splendid assistance
you gave us when we were in Wichita.

We also were disappointed that we did not have
more time to spend with you.

We returned from Seattle Wednesday via Trans-
Canadian Airlines, arriving - we are glad to say - in
time for Thanksgiving turkey.

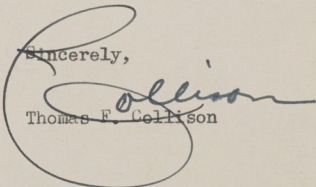

Doubtless we shall be working more closely to-
gether than ever before now that we are immersed in a
program of common interest.

In a few days we shall write Mr. Findlay out-
lining our recommendation for a photographic sequence
emphasizing the steps taken in the manufacture of the
B-29. This recommendation will have to do more with
the sequence than any attempt to tell you how the picture
should be made, you will understand.

And thank you so much for the PT-17 flight photo-
graphs. They are most welcome.

Best wishes.

Sincerely,

Thomas F. Collison
