

MOUNT DESERT
MAINE

July 8. 1943

Dear Laura.

We were deeply distressed to get your wire this morning and I only wish we had been in Colorado so we could have given you a helping hand.

The last few years have taken quite a toll of those near and dear to us. We will miss Uncle Frank and his friendly calls and games of bridge.

It was always so nice about
dropping in. It is very hard
and sad to adjust to these
sad changes.

If we can help with anything
let me know.

Dorothy is here in Maine
and adds her love and
deep sympathy to ours to
you and Ivan.

Affectionately
Donald
