Mr. J. R. Roux,
The Victoria Co.
704 N. Ninth St.
St. Louis, Mo

Dear Mr. Roux:-

With this mail, I am sending you
five prints for your consideration. I am sorry to be
so long in getting them off to you, but my free
time is so limited.

The technical information as far as I can
remember is as follows:-

No. 1. Osage Water Hole.

8x10 Agfa Vario. Two prints. single
element. F. 25. ^{Defender} ~~Eastman~~ ^{X F} Super-X Film
Bulb Exposure. Made at Osage, head turned
in late afternoon. Developer - Defender
6 D. Velox Black T22 50 D Devol.

I mix all my own solution and do
loosely use always Mallinckrodt Chemicals
with the Denver Fire Clay Co in Denver can
