

THE KANSAS STATE FEDERATION
OF ART

OFFICE OF THE DIRECTOR

October 15, 1943

Miss Laura Gilpin
807 Carter Avenue
Wichita, Kansas

My dear Miss Gilpin:

You will undoubtedly be interested to know that the Kansas Magazine board selected your photograph "On Guard" for reproduction in the 1944 issue. It an excellent piece of photography, but then all of those which Bill Dickerson sent on are. We had considerable difficulty in making a choice.

The magazine board asked me to thank you for permitting us to use this in the album. Will you please send me a biographical sketch of yourself for my file and for use in the magazine?

Since you have written on the back of the photographs "courtesy of Boeing Airplane Company", I assume we have permission from Boeing to reproduce this with a cut line giving credit to them. Will you please let me know if this assumption is correct? If we need a special permission from Boeing, can you give me the name of the person whom I should address to obtain it? One other question, shall I return the photograph directly to you or to Bill Dickerson?

I personally appreciate very much your help in this matter. With kindest personal regards, I remain

Sincerely yours,

Jenn F. Helm, Jr.
Art Editor of Kansas Magazine
