Dear Miss Hilpen

I am terribly sorry that we have been unable to send you the rent. We have hit a few snags and have had to take a few setbacks. We had to give the light co \$25.00 which was unexpected for one thing. During the time we had to wait to get the money we were without gas & lights so couldn't do any work.

My wife has taken a job out at the air base now however and so we will be catching up soon. We will be sending you some money soon and will keep it up until we are caught up.

Sincerely
Jack Winston
