Dear Dr. Stewart:-

I was astonished to receive to-day your bill for \$78. for board for Pat. I saw you last July and gave you definite instructions that if the woman who had lost her Schnauzer would not take Pat that you were to put her to sleep. You assured me that you thought you would find a Home for her with out trouble. I have never heard a word from you since that time and took it for granted that you had carried out my instructions. I cannot possibly pay this bill, and it is entirely on your own decision that you have kept her all this time for I know nothing of it. You should at least have advised me that you had not made a satisfactory arrangement with this woman.

I regret more than I can say that you have kept her all this time for this is just what I did not want to happen to her.

Very truly yours,
