Dear Laura:

Our little organization continues to function altho the local demand has begun to decline slightly. Talked with George Gardner and Jay Johnson of the Association about contacting Martin-Omaha and Bell-Marrietta employee organizations regarding photographs. Jay was especially interested and will go the limit on it.

Bribed Lee Bryant today with some pictures on the premise that he is to make a big frame so that pictures will be on display outside the association office. Think I'll see Otto about getting an OK to set up displays elsewhere in the tunnels

The gang knocked out the 2000 11 x 14 prints over the weekend and began on the 4500 8 x 10 order Monday nite. They made 1000 Monday nite and 2000 Tuesday nite. Dear George showed up with a big order yesterday afternoon that had to be mailed to SEBAC today. So our crew for last nite and tonite is called off as most of the department worked until 5:15 this morning on this publicity order.

Check for \$502.00 is enclosed. The \$2.00 is an expense item, food I think, due you while the \$500.00 is a distribution of proceeds. More will be forthcoming on your return, of course .

Brought Jane and small fry home yesterday. All is under control.

Yours,

Dave Page
