Dear Miss Gilpin:

We have sold your kodachrome of the young people dancing -
"Duck For the Oyster" - to a small publication for \$50.
However, the original will be returned to us and it will not
interfere with future sales.

Please let me know as quickly as possible more about the type
of dancing, what kind of music is being played - do you remember
the names of any of the songs that were played? My client needs
this information, and he is pretty much in a rush.

Also, I would appreciate your letting me know whether you have
any other kodachromes that you would be willing to send on to us
for possible sales purposes. Our kodachrome department has greatly
increased, and we find that the demand for color is growing all the
time.

I look forward to hearing from you soon.

Cordially,

F.P.G. Inc.

P.S. I have checked and find that we have quite a bit of information
here on hand - if you remember, however, I'd like to know the type of
music played for these dances.
