BOARDING SERVICE
for CATS and DOGS

Dear Miss Gilpin:

I received your letter dated Feb. 8th, today.

The last I heard from you was a note which was dated (or rather post-marked) August 23, 1943. In this note you stated that there was a Mrs. Cobb who might take the dog. Also you stated that if you did not get a satisfactory answer from her you wanted me "to put her to sleep". In conclusion you wrote "I will let you know what I hear". I have not heard from Mrs. Cobb or you since.

I sent a statement to you in care of Mrs. Marriage not long ago as I had mislaid your note and did not know your address.

Now, I am willing to make a reasonable adjustment on the bill if it will help you out but I am certain that under the circumstances the full amount is collectable.

May I hear from you promptly?

Yours very sincerely,

Chas. C. Stewart
