Miss Laura Gilpin,
317 Cheyenne Road,
Colorado Springs, Colo.

Dear Miss Gilpin:

To help illustrate a magazine article I need some superbly good black-and-white and a few similarly good Kodachrome (color) photos of

Mesa Verde Ruins

White House in Canyon de Chelly, Arizona.

Old Oraibi, Arizona, and Hopi Indian life.

Tumacacori Mission, Arizona.

Will you please tell me what you have available, especially in color, by return air mail? Color transparencies must be $2\frac{1}{4} \times 3\frac{1}{4}$ or larger not the small slides.

Your lantern slide No. 30, 18, 29, and 20, are excellent, and as I recall, you also have these available in 8 x 10 prints. That one titled "The Cooking Jar" is another good one.

Let me know your price for the one-time use of these. Kodachromes of course could be returned for your further use. And due credit can be given to you as photographer.

Most cordially,

Oren Arnold

P. S. Perhaps you would submit a selection for me to choose from. I shall be glad to bear all carriage and insurance charges, and be responsible for them. My references include the Phoenix Chamber of Commerce, Phoenix M. & M. Association (credit bureau), Valley National Bank, Phoenix, The Photo Shop, Phoenix. Others if you want them.
