Dear Miss Gilpin:

We appreciated your comments in regard to the Pan Chroma Relief prints we sent you.

Your suggestion as to the method of making contact relief matrices from 8 x 10 transparencies is entirely sound and you undoubtedly will get quality which will be duplicated in no other manner. Very few of us, however, have a chance to shoot 8 x 10 transparencies.

I personally envy you your opportunity to travel through Colorado this summer - its been a long time since I've seen the Rockies.

Sincerely yours,
