Dear Laura:

Again I am on the
move and altho I have n't
really gotten back to normal
since my last year's illness
I am trying to put up a good
bluff.

I am taking the chairman
ship of the Art Committee of
the Chautauqua Women's Club
again this Summer and
want very much to have your

photographs for the second
exhibit of the Summer Season
It would probably open about
the 25th of July and run
about two to two and a half
weeks. I would want some
publicity material the
first of July. We used to be
able to have cuts made but
now we have to depend upon
just words. We have a good
little art reporter on the
"Daily" and George Hill and
Sorothea help me whip the

mimeograph sheet together
which we distribute at the
exhibit (about three hundred
copies) You may not sell
anything but I think it
is good publicity. The prices
we post in each room and
the Club charges 10% on sales.

I don't think Georgebell
has written you since we
were grandparents. Edwin
and Dorothea have a son

born Sept. 3rd. Michael Martin
Smith. When you look at
him and say his name he
breaks into the broadest grin
as if to say "Well that's the
funniest name I ever heard."
They live in Montclair New Jersey.
which is near enough to reach
easily and so we see them quite
often. It is good for us to have
a little fellow like that to
watch grow up. When I got well
I was very much interested in your
letter about your work. Hard but
fascinating. Someday perhaps
we can be together again.
Expecting to hear from you. With
love from us both Cornelia Prothy
