Dear Miss Gilpin:

We are glad to know that you are coming back to Yucatan and that you are going to do a very interesting work.

There are several boats that travel between Veracruz and Progreso. You may send your heavy equipment through anyone of their agencies in Mexico City. We advise you to do this immediately upon arrival, as the express and cargo service is very slow and very likely it will take over a month for your things to get here. If your equipment is not very heavy we advise you to send it by air express.

It is absolutely necessary for you to let us know the exact date of your arrival in order to make your reservations, as we are going to have a very heavy traffic during the month of February.

Hoping to hear from you again and to greet you personally, we remain

Very truly yours,
