Dear Mr. Daniel:-

Just a line to tell you that I am going up to Colorado Springs, Colo tomorrow for a few days if there should be any occasion to reach me there, or any work you wish done up there. I shall only be gone a few days as I hope to get a lot of work on the Rio Grande done in the next six weeks about here and on south. I also want to tell you that my present plans are to return to Yucatan in January to complete my Chichen Itza book. Something might come up for that part of the work.

What has ever happened to the Saturday Evening Post article? Have I missed it, or has it been postponed because of the many special articles following the end of the war.

I have made some excellent color shots of an Indian dance with Ansco, and have finally succeeded in getting the right filter balance, so I feel in better shape to undertake an assignment in color.

Hoping to hear from you before long, I am

Very sincerely yours,
