

614 Alameda Rd. Santa Fe, N.M.

October 15,
1945.

Mr. K. Fuller Dean,
Transcontinental & Western Air Lines,
Kansas City,
Mo.

Dear Mr. Dean:-

Mr. Welton of the Southwestern Master Craftsmen of Santa Fe has suggested that I write to you regarding the photography at your new air port at Albuquerque.

At the present time, I am located in Santa Fe while working on a new Southwest book and will be glad to do an occasional assignment. My former home and place of business was Colo. Springs, Colorado, but I left there in 1942 to take the war job of Public Relations photographer at Boeing-Wichita. I left there a few months ago, and am more or less migratory while working on two new books, as a matter of fact.

Previous to my industrial experience at Boeing, I have for many years done architectural and portrait work in Colorado, New Mexico and New York.

You may have assigned whatever work you will need at Albuquerque already, but in the event that you have not, I should be very glad to submit samples of my work for your consideration. Should you be in this vicinity, I have much

here to show, both in black and white and
in color. I shall be in and out of
Santa Fe during the next few weeks, but mail
will always reach me within a day or two.

Hoping that I may have the pleasure of
doing some work for you at some future time,
I am

Very truly yours,
