Miss Helga Iverson,
'LOOK'
New York City.

Dear Miss Iverson:-

Your letter of the 15th has finally reached me after a delay in Colorado Springs. I expect that Helen either did not know that I came to Wichita to take a strenuous job at Boeing Airplane Co. two years ago, or that she did not have my address here.

I have a few Southwest things I am sending on to you the first of the week. Most of my negatives are in storage in Colorado Springs but I have a few prints here and a few of my negatives. I shall have to make a few prints from these as the prints of them are also in storage, but I hope these will be sufficient to give you what you may need.

Next week, I am leaving Wichita, returning first to Colorado Springs for some business and then going on to New York for a while. I hope that I may see you then and that in the mean time there may be something you wish among the prints I am sending you.

Is Helen Bennett in New York now or is she in Chicago? I should love to see her on my way east if she is there. I give you an address in Colorado Springs in case you should wish to communicate with me there as I am hoping to get away from here by March 3 or 5 at the latest.

Thanking you for your inquiry and hoping that the delay in receiving your letter has not been too long,
I am

Sincerely yours,

Laura Gilpin,
4 Fanny Robbins,
423 N. Cascade Ave.
Colorado Springs.
