Dear Hugh:-

I am in need of a more adequate method of drying prints and recall that small new drier you showed me. Price, I believe, \$22.50. Do I recall that I saw one in your shop when I was in recently? I presume that this works on ordinary house current. If all this is correct, will you ship me one as soon as possible?

And dont forget the following if as and when
8x10 P.O.P. proof paper
8x10 Velour Black 2 either T or BT.

Thanks,
