Dear Mr. Woodbury:-

Please pardon my delay in answering your lettero of the 27th last, but I am on a job that is taking me out of reach of mail for some days at a time. I appreciate your request for a one man show for the PSA print interchanges. I wish I might accept, but unfortunately my rather hectic life for the past two years or more has me in a position of having pricatically no work available at the moment.

I left Wichita last sprint, going east where I secured a contract for a book I h ve long wanted to do and on which I am now at work. I have no adequate dark room and all my negatives and prints are in storage in Colorado Springs. I shall probably get myself set up here in Santa Fe for some months at least, but until I do and have the time to prepare some prints for exhibition, I am in a state of unproduction, save the very busy one of making negatives. I am fixed for developing, but at present am not prepared to do any printing. I hope that you will call on me again at a future date when I shall be very happy to furnish you with a gr up of prints. With best wishes, I am

Sincerely yours,
