Dear Laura:

Through the Theta Xi Magazine I have just learned about Frank. I can't tell you what a shock it was to all of us. We were fortunate in having him with us some years ago, when my son and daughter learned to love Frank just as we all do. Your loss is shared by all of us here and we extend our deepest sympathy.

If you should be coming to New York anytime, please let me know for we would love to see you and have you stay with us if you can. Our family now consists of Bits and Bill. Bill is in the Marines, and we keep house at 383 Park Ave. Hoping to see you

Sincerely

Fish Williams
