Miss Laura Gilpin
115 Camino Escondido
Santa Fe, New Mexico

My dear Miss Gilpin,

Several days ago I mentioned
a No. 11 conversion filter to be
used when exposing Tungsten
film outdoors. I just remembered
you probably would have a
difficult time finding such a filter,
so I am sending one to you
with our compliments.

We would be anxious to
learn of the results you obtain
with it.

Sincerely yours,

Howard W. Zamm
