Dear Miss Gilfillan -
all

our family are agreed
in liking the photograph
you made of my
Mother, Mrs. D. A. D. D.,
at Los Alamos
Commencement in
June 1934 better
than any other
picture of her. So we

any more. Want some reprints of
it. She is sitting beside a window
full face, the shoulders somewhat
turned - her hands clasped on her knee.
If you can supply them for me, I
would like 24 prints approximately
6" x 4" in size - in whatever finish
you think best - and I will be
most grateful. As Anita has not
told you, my mother died last
summer so it means a great
deal to us all to have the
photograph you made -

Very sincerely yours
James P. Anderson.
