Colorado, U.S.A.

Dear Miss Gilpin:

Certainly I think it is a little cute that you have forgotten to include the address you said you were to write, so I have addressed two more letters to Colorado Springs, and I don't know if they will reach you in time.

I sent you two letters because I forgot too to say you somethings you asked me.

As I think this will reach you at San Antonio, will tell you all as said in the another ones.

Yes, Kodak's in Mérida, carries Tropical Fixing bath and bulbs, but they do not carry bulbs for kodacolor, so if you have thought to take color pictures, please to carry your own bulbs that you will not find those here.

I hope you will enjoy to visit San Antonio. Does your mother live there?.

I would like you call me just Ernesto instead of Mr. Cervera, since I have - been called so many years ago.

Waiting to hear your sooner answer, will close this and mail at once.

Sincerely yours
