Dear Sirs:-

Last Saturday noon in Taos, N.M. damage amounting to \$35.40 was done to my car by your driver, Bill Martin as I was driving down a narrow street. The liscence number on his truck was Colorado 1 T 6930. I had just come out of the narrow street leading to the Harwood Gallery where I had come to a stop. Turning into the street taht leads to the plaza I had gone less than 500 feet and had just shifted into te high gear. Your driver did not signal that he was turning out from the curb, and owing to the width of the truck and the way it was parked I could not even see if there was anyone in the cab. He turned into the street hitting my rear fender, damaging it so badly that it will need a new one, and tearing off the bumper guard. The fact that he did not hit me until my front whells were well past him, shows just how he hit me. In talking to him at the time he told me I was driving too fast, which could not have been the case. Miss Evelyn Shuler of your city witnessed the accident and will testify

In any event the right of way was plainly mine. I reported this to the officer in Taos who requested me to get the estimate of repair (from the A 1 Garage) which I have turned over to him. I am also reporting this to my own insurance agent.

I regret that this occurred and assure you that this is the first damage I have suffered in over ten years, and I am constantly on the road.

I trust that you will assume the repairs to my car. I showed it to the officer in Taos, and also to your office here in Santa Fe.

Very truly yours,
