Dear Mr. L.L.:—

See what I unearthed out the bottom
of the box of postcards! Never mind it will
all get used up someday.

Miss Forster & I have been making a careful
check up on the postcards and envelopes and we
need the following:—

Set No. 5.	1000
Set No. 6	350
Set No 3	350

We need these badly and as soon as possible?????
If it is cheaper to buy the envelopes in 5000
quantity do so and hold the balance for future
use which will not be too long.

Wish you could see how Miss Forster has improved
since we have been here. It does me good just to
look at her.

Really getting down to work now and at long
last have a decent place to work.

Have been trying to find a sample of my label
but it seems to have vanished. Will hunt further.

Best wishes to all
