Dear Mr. Dodge:-

I certainly owe you an apology for filling your order incorrectly and also sending it to the wrong place. The truth of the matter is that I misplaced your order and have only just found it. I sent you a lot of cards you did not order, and was unable to send the 25 sets of No. 5, (Taos) as it is out of stock. I sent you in its place 100 single cards of Canyon de Chelly. If you do not want these please return them at your convenience together with the sets of No. 2 (Acoma) No. 1 (Navaho) No. 3 Mesa Verde and No. 4 (Navaho). As soon as it is possible to reprint No. 5 I will do so.

Please forgive my making such an error as all this entails. My constant moving about is very hard on an orderly desk!

Would you be so kind as to send me the name and address of the Superintendent of BIG BEND. I want to write to him about time of year, transportation etc.

Enclosed is a revised statement of the Post Cards. I hope the book is selling well, I should be glad to get a report on it some time in the future.

Sincerely
