Mesa Verde National Park,
Colorado.

Dear Mr. Hall:-

I was very glad to hear from you, your letter was forwarded on to me here. I shall be here another two weeks and then be off again on these two new books which are under way. The above address is the one permanent thing in my life just now.

I have written to Mr. Freese of Hastings House, to send you a sample copy of THE PUEBLOS. It so definitely should be on sale at Mesa Verde that I hope you will find it one of your best selling items. It is certainly selling in Santa Fe.

My other little booklet sold out long ago and has never been re-printed except that a number of the same pictures are in THE PUEBLOS.

The two new books will not be out for some months yet, and I do not know that either will be of direct interest to you. One is Chichen Itza, Yucatan, the other the Rio Grande, the latter a large photographic book.

All the indications are that you should have a big season this year. I hope I may get down myself. I get very homesick for the

Mesa every so often and it is a long time since I have been down.

Please pardon such an untidy letter but the roller on my typewriter seems to be slipping.

With kindest regards to yourself, to Jess and Don Watson. I guess you three are all the people I know now down there.

Very sincerely yours,
