Dear Miss Gilpin:

I am sorry that I have so long delayed sending you a note of thanks for the lovely book "The Pueblos", which you forwarded some time ago for my inspection. Apparently it arrived at Mesa Verde some time ago but was just yesterday received here. It is a beautiful volume and very effectively arranged.

If you sent me price sheets or information on how you handled these books through gift shops, I seem to have mislaid it; and would appreciate a note from you in this connection.

Sincerely yours,

Ansel F. Hall
