MAPLE DODGE LUNAN
1946?

dear Laura.

We missed you the moment you left!
now I have a wire from Will Cornell
in Los Angeles & he is sending prints
the first of the week of the ~~old~~
timers he took long ago — very good
photographs for you & John my to
add Victor, Andrew Darburg, &
Berninghaus & Brett to.

The Norman (Okla.) Press has just
wired, it is very interested & is
writing bids, details etc.

I am coming Monday 9th to the
dentist & doctor & spending the night —
so can see prints either day in
the P. M. if you have them. I want
a big print of the Navajo lady,
Lanka & Mussolini for my youngest
grandchild who only likes animals
& humans not much. This is beside
one for me of course. Can

ym send her one direct? Her
address is:

% John Evans

Bagaduce Farm.

West BrooksVille -

Maine.

Thank you for all this! I guess
I am ordering a \$20.00 print for
her, aren't I? She will put
it in her own room, I know.
She is right & cute & independent.

I hope ym weren't too
tired after all ym did! Certainly
no holiday! Mr. Imhof
is in Santa Fe today & talking
to Rydal Press for me. He knows
all about such matters. I am
most happy about the book
I am sure we will pull it out
somewhere willy - willy. Probably
willy! Love to ym & Tony says tell her come back!
