Mrs. Laura Gilpin

Santa Fe, New Mexico

Dear Mrs. Gilpin:

Your letter of November 25 reached us some time ago.

We have obtained from Mrs. Gilpin's barn the four poster bed to be taken to Dr. Forster at Cragmor, with the settee which you set out at the warehouse. We also brought in from the Gilpin barn the single bed, spring, and mattress and a large box of books, but could not find the miter box.

We are crating the press cabinet, and will ship it as soon as possible. All of our packing is done on a time and material basis, and the work will be charged for at our regular rates.

All of our long distance hauling by motor van is done by weight. The rates are as follows:

If the goods weigh not to exceed 1,999# the transportation rate will be \$4.08 per cwt, with a minimum charge for 1,000#.

If the goods weigh 2,000# and not to exceed 3,999#, the transportation rate will be \$3.53 per cwt.

If the goods weigh 4,000# and not to exceed 7,999#, the transportation rate will be \$3.26 per cwt.

If the goods weigh 8,000# or over, the transportation rate will be \$3.11 per cwt.

Without unstoring your goods and weighing them, it is difficult to tell even the approximate weight. We have an idea that the weight will probably be somewhere around 5,500 or 6,000 pounds. This, however, is only a guess on our part, and may not be even approximately correct, as we have no idea how heavy the various

cartons are.

The rates quoted above are also subject to a 3% tax.

Yours very truly,

THE WANDELL & LOWE
