Dear Miss Gilpin:

Subject: PHOTOGRAPHS

Reference is made to your recent request for permission to photograph the location of the first atom bomb explosion. I regret that permission cannot be granted at this time.

However, there was published in the November 1946, page 52, issue of Holiday Magazine, a picture that answers the specifications mentioned in your letter. It is believed that you may obtain permission to publish this picture by writing to the Curtis Publishing Company, Independence Square, Philadelphia 5, Pennsylvania.

Very truly yours,

H. C. Gee
