

Roosevelt Hospital and then⁽²⁾
here where I have been ever
since. (Apr 15 - June 18 inst.)
I am now getting along nicely
+ expect to leave for home
next Tuesday.

I liked the plain table
a lot & it is exactly what
I want. I do not think it
was the antique's & was the
cheaper of the two. If they
still have it will you ask
them to crate & ship to me
at Boca Grande Florida
sending bill to me to Boyce?
Probably it is gone now & if so
I am sorry.

Dear Larna.

You must think me a
most ungrateful & unappre-
ciative ^{person} for not having
answered your last letter
about the tables, Bettie etc.

Just before it was received in
Boca Grande I had another of
the damn heart attacks.

As you surely know they are
succeeding & continuous affairs
& very painful. After about
a week I came here & entered

3/ I do hope nothing is
interfering with your trip +
that you can drag Bethie
along. I think she would get
a lot out of it and we would
love to have her with you.

Will you write me at
Boyer your present plans
so Isabella can make her?
I promise to answer promptly.
We are still hoping for a
visit from you.

Dwight is making good but
slow progress. I get regular
letters from him & he says

he has difficulty in
talking. I think he had
about enough trouble for me.
All his letters are cheerful.

Much love

Kenneth.
