April 30,
1947.

Mr. Arthur Brackman,
Free Lance Photographers Guild
219 East 44th St.,
New York City.

Dear Mr. Brackman:-

When I was in New York just two years ago, I called twice at your office hoping that I might see you personally. Unfortunately you were out both times. I went over my prints which were with you and found that there were many which had never moved at all, and it seemed foolish to leave them. However there were as many as 16 prints which could not be found. I am wondering if you have ever located them. I would appreciate hearing from you.

I believe that I wrote you last year that I was in Santa Fe, working on a new book. It has been a much longer job than I had any idea it would be, but a most interesting one. It is nearly finished and in another month or six weeks I shall be free for other work.

With this mail I am sending you some color shots of various subject matter, mostly scenic. These I have had mounted for projection as I am

frequently called on for showings at clubs and meetings of one kind and another. I am going to change over to 4x6 size very soon so that in the near future I will have this size available. On the two transparencies for girls, I can get releases on these if you think them saleable.

I enclose a list of these, and I understand that with sales of color transparencies, that the original is returned after the plates have been made. There are some that I will still want in my slide case. I have found another color slide of the Choyenne Mt. School dancers. You sold one for me more than once. Perhaps this one is still good too. I don't know how it happened that this did not go to you in the first place.

If you need anything in this area, I shall be available after next week when I return from the last trip in connection with the book.

Very sincerely yours

P.O.Box 1173

List of Kodachromes sent to F.P.G. New York.

1. Palomino Stallion & mares
2. Palomino Stallion
3. Turkeys
4. Girl & pups) — returned
