Laura Gilpin, Photographer
Box 1173
Santa Fe, New Mexico

Dear Miss Gilpin:

Thank you for your letter and order. In a separate package we are returning your processed 5x7 Ektachromes. We are very sorry that they would not make satisfactory prints.

Of the five other transparencies from which you wanted us to make prints, we are returning one in this letter. It is thin to make a good print. We are starting to work on the others at once and will do the very best we can on them.

About making separations without the prints, we do not do this as it is very difficult to get the right color balance of the dye for the matrices.

Sincerely yours,

Atkinson Laboratory
