Dear Laura:

Do you think you will be in Colorado Springs when your book on the Temples of Yucatan is published? If you are here, we thought perhaps we could have an autograph tea for you. We have written Hastings House to see if they are printing circulars, as we are anxious to let people know about the book in advance. If you have a list of prospects will you let us use it? In any event, let me hear from you about your plans.

Yours,

Edith
