Dear Laura Gilpin:

I am sure that I have you to thank ~~you~~ for the copy of your new book which your publishers have sent me. It is a beautiful example of your art, a worthy companion volume for your Camera Chronicle of The Pueblos. I have already shown it to the editorial staff of Natural History Magazine, and recommended that it be reviewed in our magazine. It is needless to say that my suggestion was immediately accepted.

I congratulate you most heartily on the little book.

I saw Mitzi Brown here in New York a week or two ago.
