Dear Elizabeth:-

Here is the material for the catalogue and a list of names for invitations. Also the print for the back page and the photograph of yours truly. This was made by Alfred A. Cohn, a former student of the Clarence H. White School of Photography and class mate of mine. I would appreciate his having a credit line beneath the reproduction.

I am planning to drive up on Nov. 9th or 10th. This would give several days in which I could be of help in getting the show in order. In the mean time I am working like everything to get it all in order and always wanting to add just one more print to the lot! It is hard to realize that all this is all coming to its final state. It has been a long, exciting and arduous undertaking.

If there is anything I have forgotten or omitted, please let me know. Dorothy tells me that she has her article written and is sending it separately. She hasn't shown it to me yet.

With best wishes,

P.S. Please be sure to get the original prints back from the engraver for I shall need them again.
