Bridadier General R.M.Montague,
Sandia Base,
Albuquerque, N.M.

Dear General Montague:-

On June 25th I wrote you regarding the making of a special photograph at RINITY, permission having been sent me by Mr. Carroll L. Tyler of Los Alamos. I realize that you may have been away or that there may well be other reasons why I have not heard from you. I am most anxious to make this photograph as it is the one item remaining for the completion of the book which I described to you and which will soon be in production.

I shall be glad to telephone you, or come to see you to make the necessary arrangements for my trip down there.

Cordially

Dear General Montague:-

On June 25th, I wrote you regarding the making of a special photograph down at TRINITY, permission having been sent me by Mr. Carroll L. Tyler of Los Alamos. I realize that you may have been away, or that there may be other reasons why I have not heard from you. I am most anxious to get this picture as it is the one outstanding thing in the book which I described to you previously.

I shall be glad to call you, or to come down to Albuquerque to see you regarding the necessary details for my going down.
