Mr. J.P. Pockham,
Meriden Gravure Co.,
Meriden, Conn.

Dear Mr. Pockham:-

I am sorry that I have been so long in answering your letter regarding the postcards, but busy days and no one to write for me, have had me far behind.

Please leave out the "Havaho Girl" in this printing. We can add her at a later time. I hope to have some completely new sets ready before long.

In the meantime, I hope that the work on this order can go ahead without further delay for I am already getting orders for the coming tourist season. I am working on some special display racks which be a great help and, I hope, a big impetus to further sales. If there is anything ready yet for me to O.K. in the way of copy on the new cards in this order, would you send it to me airmail which will save several days each way.

Hoping that this clears the way, and that the work will go ahead immediately, I am

Very truly yours,
