

CRANBROOK INSTITUTE OF SCIENCE

BLOOMFIELD HILLS, MICHIGAN

January 22, 1948

Miss Laura Gilpin
Box 1173
Santa Fé, New Mexico

Dear Miss Gilpin;

Having just returned from my second expedition to Yucatan and Quintana Roo I do wish that your photographs were the property of this Institute. They are, however, in the collections of Cranbrook Academy of Art where, with original folios of Catherwood engravings, they are rarely displayed. I look forward to seeing your forthcoming book.

I shall call the attention of the Art Academy administration to the availability of your other pictures, after I have seen their appearance in book form.

I am quite certain that there would be no use here for the lantern slides of which you write.

Sincerely,

Robert T. Hatt
Director
