Dear Miss Gilpin:

Thank you very much for sending us the kodachrome of the memorial celebration in the Espanola Valley. It is a fine one, and we would like to be able to include it in our layout for the Southwest essay, but unfortunately it does not tie into our story which deals only with contemporary living in New Mexico and Arizona. We are grateful, however, for your courtesy in submitting it. The kodachrome is being returned herewith.

With kindest regards,

Shirley Herzog
