HIGH POINT ROAD SCARSDALE, NEW YORK

Dear Laura:

This is to greet you in the new year. to thank
you for the evocative photograph of Chicken Itza — and
most of all to say a prayer for your Suggenheim
project.

When will ^{you} rotate east again and give us
a visit? And how is the Rio Grande book?

I am making layouts for the camp book
slowly eking along with it — and on some
days & impulses working on THE BOOK. Our children
are growing up so fast. Life leaps.

With my best hopes for you and warm greetings

Barbara
