YUCATAN  
MEXICO

Miss Laura Gilpin,  
The Alameda,  
Santa Fe, New Mexico.

Dear Laura:

I am enclosing a copy of my recommendation for your application for a Guggenheim Fellowship. I deeply and sincerely hope that your application may be granted for I know of no other project of greater historical value to us of the Southwest.

My father was a mining superintendent at a little mining camp named after the family Romley, Chaffee County in Colorado and my childhood, or perhaps better youthhood, say from 12 to 18, was spent at Buena Vista, Colorado, where we lived. Therefore, you see, I have a sentimental interest in your project. I do hope you get the grant-in-aid you are applying for.

Frances joins me in cordial regards. Como siempre tuyo,

S. T. Morris
