

Dellwood

Colorado Springs, Colo., May 10, 1948.

Miss Laura Gilpin,
Box 1173,
Santa Fe, New Mexico.

Dear Miss Gilpin:

Yours of the 7th instant received.

Mr. Earl C. Funk temporarily located at Roswell, New Mexico and a long time friend of mine has been seeking information regarding Mr. Francis Gilpin to whom he addressed several inquiries and all of which had been returned noted "address unknown". Mr Funk is employed by the Gulf Oil Corporation and seeks to complete the execution of all parties holding an interest in some mineral rights under New Mexico lands to an oil and gas lease. His information was that one Francis Gilpin had an interest and that it was Mr. Francis Gilpin Sr.

As I was unable to contact you or anyone here who was familiar with the circumstances, I made investigation at the local courthouse, where the probate records disclosed the situation in full and I passed the same on to Mr. Funk by letter and gave him your address which I learned from local friends. I hope that Mr. Funk has been able to contact you by this time. I was glad to do him this favor as he is a very high class gentleman and his company is tops in the oil industry.

Very truly yours,

Homa Wood
